With a Charitable Gift Annuity it is possible to make a gift that is not only a noteworthy contribution to Deborah, but also a simple way to obtain a fixed, lifetime income, for one or two individuals. You also receive a significant current tax deduction. Your gift will benefit you throughout your life as well as those in need of Deborah's life-saving care.

The way this works is a simple legal agreement is established between you and Deborah in return for gifts of cash or stocks. You then receive quarterly payments that can never be outlived. These payments are unaffected by the ups and downs of the economy and stock market and will never change.

The good news is, the older you are the higher the rate you will receive. You can establish a CGA with as little as \$10,000. We can help you choose the Charitable Gift Annuity that is right for you.
